		<p align="center">REVISION # 03</p>

Super-Pufft Snacks Corp. is committed to upholding high standards in environmental protection and stewardship while actively promoting the preservation and continuous improvement of a healthy and safe environment for its employees, contractors and visitors.

It is the responsibility of all Super-Pufft Snacks Corp. employees to ensure that all aspects of the plant pose minimal environmental impact and that any environmental risks and/or hazards are addressed immediately.

In consistence with the Ministry of Environment's regulations, Super-Pufft Snacks Corp. shall take all reasonable measures to implement the following:

Integrated Waste Management:

- Minimize the generation of waste through reduction, reuse and recycling of raw materials and supplies where appropriate.
- Reduce any noise and odour pollution, polluting effluent and emissions to air, land and water.
- Develop and maintain appropriate emergency responses for dealing with accidental discharges.

Conservation of Energy and Other Resources:

- Minimize energy and water usage and any other resource consumption through efficient management and practices.

Employee Involvement:

- Define responsibilities and enforce environmental policies and procedures in employee's sphere of activity so that they may act in an environmentally responsible manner.

Continuous Improvement:

- Strive to continuously improve environmental performance and practices by monitoring and reviewing our environmental policies, objectives and targets on a regular basis.

All employees are accountable for the successful implementation of this policy in order to achieve a level of compliance that meets and/or exceeds applicable regulatory requirements.
