November 4, 2021

Dear Yousif:

Ontario food processors play a vital role in our agri-food industry. Particularly during the harvest season, I appreciate the workers on the ground who are making sure that individuals, families, restaurants and grocery stores have the products we all need and rely on. These challenging times have shown everyone across the board that the work you do is essential and vital, and I want to express my sincere thanks for your commitment. We have faced challenges we never could have imagined from this pandemic and I commend every one of you for staying strong throughout. Whenever new concerns arose, they were met with your courage and resolve to manage them and keep our food supply chain strong. The people of Ontario appreciate that they can count on you for the important and valuable work you do every day to help keep food on kitchen tables across the province.

Please know that your efforts are recognized and greatly appreciated.

Sincerely,

Original signed by

Lisa M. Thompson
